International Achievement Awards

In late 2008, the Industrial Fabrics Association International held their annual design awards convention in the USA.

Of 408 projects entered into 28 categories by professionals from 16 countries around the world, Shade to Order Australia won 2 categories and picked up a 2nd place in another.

This global achievement in design and manufacture is yet another reason that Shade to Order is at the very top of the industry on a global scale.
